General Maintenance Notes

Power Steering Fluid Specification: Land Rover Genuine Fluid (Item # STC50519G).

Tire Rotation: Rotate your tires every 7,500 miles when you change your oil. Rotate tires from side to side but keep them on the same axle. This will extend the life of your tires.

Professional Maintenance & Service: This maintenance guide and schedule is for reference only. Any and all maintenance tasks and services should be reviewed and completed by a quality, professional service technician.
