# SUZUKI DR650SE SERVICE MANUAL

### FOREWORD

This manual contains an introductory description on SUZUKI DR650SE and procedures for its inspection/service and overhaul of its main components.

Other information considered as generally known is not included.

Read GENERAL INFORMATION section to familiarize yourself with outline of the vehicle and MAINTENANCE and other sections to use as a guide for proper inspection and service.

This manual will help you know the vehicle better so that you can assure your customers of your optimum and quick service.

\* This manual has been prepared on the basis of the latest specification at the time of publication.
If modification has been made since then,

difference may exist between the content of this manual and the actual vehicle.

 \* Illustrations in this manual are used to show the basic principles of operation and work procedures.
They may not represent the actual vehi-

cle exactly in detail.

\* This manual is intended for those who have enough knowledge and skills for servicing SUZUKI vehicles. Without such knowledge and skills, you should not attempt servicing by relying on this manual only.

Instead, please contact your nearby authorized SUZUKI motorcycle dealer.

## IMPORTANT

All street-legal Suzuki motorcycles with engine displacement of 50cc or greater are subject to Environmental Protection agency emission regullations. These regulations set specific standards for exhaust emission output levels as well as particular servicing requirements. This manual includes specific information required to properly inspect and service DR650SE in accordance with all EPA regulations. It is strongly recommended that the chapter on Emission Control, Periodic Servicing and Carburetion be thoroughly reviewed before any type of service work is performed.

Further information concerning the EPA emission regulations and U.S. Suzuki's emission control program can be found in the U.S. SUZUKI EMIS-SION CONTROL PROGRAM MANUAL/SERVICE BULLETIN.
